Measure E Community Input Meetings

District Facilities Master Plan

It's YOUR turn!

The CUSD Board of Education wants to ensure that Staff, Students, Parents and Community Members participate in the identification and prioritization of Measure "E" projects throughout the District.

We are looking for your thoughts on...

- What facility need is holding your school back from being the best it can be?
- What facilities improvements have the most impact?
- Are there additional facilities related changes that will make your schools safer?
- When choosing a school what facilities do you look for?
- Is there a facilities improvement that will help your child learn?

Come and tell us what changes you would like to see!

With the recent passage of Measure "E" Chico USD the opportunity to make necessary building improvements, repairs and upgrades to technology.

What Is Measure "E"?

It is a \$78 million dollar tax extension to improve the Chico schools by providing more access to modern technology, repairing leaky roofs, replacing plumbing, electrical and heating/cooling units, updating building and school sites and constructing new facilities
