Emergency Response Pathway
Public Services

CTE Course Sequence

Introduction to Public Safety/Careers 911
Emergency Response
*Currently no Capstone class available

Course Descriptions

Introduction to Public Safety/Careers 911 (Introductory)
This course is the Introductory Level course in the Public Safety Pathway and prepares high school students for work in entry-level positions in Public Safety through classroom instruction, hands-on training and community experience. This pathway encompasses career opportunities in a variety of jobs in which the focus is ensuring the general safety and public service to the community. The careers included in this pathway primarily address public order, fire protection, social services and emergency medical services.

Emergency Response (Concentrator)
This course develops skills and knowledge, preparing students for entry-level positions in Fire service and Emergency Services. Through classroom instruction, hands-on training, and community experience, students will learn basic concepts about Fire, Social Services, Emergency Medical Services and the 911 Communications Systems, and will understand how each of these groups interacts and are independent. Instruction will focus on the multitude of careers in the field of Fire and Emergency Services and the various industry certifications available in the industry. Integrated throughout the course are career preparation standards, which include basic academic skills, communication, interpersonal skills, problem solving, and workplace safety, technology, lifetime health, nutrition, and fitness.

*(Capstone)
A capstone class has not yet been added to this pathway.
